

Dalle Molle Foundation

# competition

and award of the «Quality of Life» label

The aim of the Foundation is to promote quality research that puts digital science and technology at the service of humanity. To this end, each year it awards the “Quality of Life” label to a number of research and innovation projects that meet this objective. The Foundation attaches particular importance to innovative research that provides new and original solutions:

- a harmonious and balanced management of the city ;
- the promotion of human, economic, social and cultural activities;
- the enrichment of communication and social interaction;
- support for disadvantaged people to facilitate their socio-cultural integration, autonomy, self-fulfilment and dignity.

The Foundation allocates a total amount of CHF 20,000 each year, including a bonus of CHF 10,000 for the winner of the competition.

The competition is open to all professional profiles and all ages. Participants must work in Switzerland or Italy.
